Summary:

The World Health Organization (WHO) has declared a worldwide level-6 Pandemic, and US troops will be under the control of The United Nations (UN). The WHO and the UN will become the controlling agencies in the US because pandemic level 6 has been declared:

From the above **WHO** internet domain, I quote the following:

During a pandemic, it may be necessary to overrule existing legislation or (individual) human rights. Examples are the enforcement of quarantine (overruling individual freedom of movement), use of privately owned buildings for hospitals, off-license use of drugs, **compulsory vaccination** [emphasis mine] or implementation of emergency shifts in essential services. These decisions need a legal framework to ensure transparent assessment and justification of the measures that are being considered, and to ensure coherence with international legislation (**International Health Regulations**). [emphasis mine]

In the winter of 2008, Baxter's Austrian biomedical research laboratories manufactured and distributed to 16 laboratories an influenza vaccine that was contaminated with a **LIVE** Bird Flu virus. The contaminated vaccine material consisted of a mixture of a seasonal H3N2 human influenza virus and the deadly H5N1 virus. By adding a virus of the type H5N1 to an ordinary flu virus of the type H3N2, Baxter produced a highly dangerous biological weapon with a **63% mortality rate**. A laboratory in the Czech Republic blew the whistle before a worldwide catastrophe was unleashed when all animals they tested died from the vaccine:

Baxter uses BSL 3 (Biosafety Level 3) precautions in its laboratories, safeguards which makes an accidental contamination of ordinary flu material with the dangerous bird flu virus impossible. In other words, the deadly contamination was intentional.

WHO is at it again and this time on a larger scale with the intent to debilitate and murder millions in the US with another lab-created virus. In view of our narrowly escaping a tragedy intentionally engineered by Baxter that **almost killed millions of people** via **63% FATAL** laboratory created vaccine, and the fact that this very same Baxter is still producing and selling the 'vaccine' to probably be forced upon the people, a serious investigation is urgently needed.

Frozen bodies were dug up with the admitted purpose of reconstructing the deadly 1918 flu, which flu was caused by vaccines injected into US military servicemen that later killed millions of people worldwide.

UNITED STATES DISTRICT COURT - WESTERN DISTRICT OF WASHINGTON - AT SEATTLE
Rebecca Em Campbell filed a complaint for declaratory and injunctive relief October 29, 2009.

Individual suspects should be identified, and investigated by a Grand Jury, to stop the planned crime of mass murdering the people of the US.
